## Unique **Vortex™** Technology

Vornado's product are powerful, stylish, compact, easy to clean, convenient and come with a **5 year replacement warranty**.

They are **eco-friendly and energy efficient**. The whole range is engineered to use as little energy as possible and therefore a smart cost-effective investment.

The **Vortex Action technology evenly distributes all of the air throughout an entire room**. Extensive research and development demonstrated that Vortex Action can dramatically impact the performance of other products beyond air circulators and heaters.
