What makes a Vornado VMH300 Whole Room Heater the obvious choice?

5 Year Replacement Warranty

5 Year Replacement Warranty for factory faults and defects.

Advanced Safety Features

Ensuring peace of mind when children and pets are around.

Whole Room Coverage

Vortex Technology ensures your whole room reaches an ambient temperature in less time.

Efficient Technology

With the continuous rise in power costs, Vornado is a smart investment.

Invest in your **comfort.**
Invest in a **Vornado VMH300 Whole Room Heater.**

The Vornado VMH300 uses signature vortex technology to ensure warmth is circulated evenly throughout the whole room in less time.

The Vornado heater allows your family to feel safe with advanced Multi-Level Safety Protection, including a Tip-Over Switch, an Auto-Shutoff setting that detects when the airflow is obstructed and design qualities that allow the unit to remain cool to touch even after hours of operation.

Surround yourself in a blanket of warmth with a Vornado Heater.
